Thanks Michael! Heather Newton (copied) will be reviewing the draft plan, to help in meeting the expedited schedule and request for comments by Jul 9 (since I'm out on leave the beginning half of this week).

I've shared my notes with her on Riverside and she will reach out with any questions during her review.

Cheers,
Sun

I'm not sure if we'll be able to get comments to you by Jul 9, but I'll see what we can do – will keep you posted!

Hi Sun. Just in time for the holiday...the Riverside Proposed Plan! We have a pretty aggressive schedule here, so ideally we would have all comments in by July 9. Please let me know if that poses any problems. The plan has been reviewed internally by the technical folks, me and ORC. Because lead is primary COC at the site, the team has consulted with the TRW on multiple occasions to ensure the evaluation and selection of PRGs is consistent with our regional lead strategy, so I think we're good on that front. Please let us know if you have any questions along the way. Thank you and enjoy the long weekend!

Chloe
